ALTERATIONS AND ADDITIONS COMMITTEE  
JVVHOWA, HYDERABAD

25 May 2019.

To,  
The President and  
The Board of Manager's,  
JVVHOWA, HYDERABAD

**ALTERATIONS AND ADDITIONS COMMITTEE -**  
**JVVHOWA, HYDERABAD**

Dear Sir,

1. BOM's, JVVHOWA, formed an Alterations and Additions Committee vide their letter dated 18 Sep 2018 as approved by the JVVHOWA, AGM HELD ON 15 Jul 2018 at point 5 page 2 & 3 of the Minutes of the Meeting dated 03 Aug 2018.
2. Consequently the Committee members met on 25 Sep 2019 and decided the roles of members as below:

(i) Cdr S Ashok Kumar	DU NO 85	CONVENER
(ii) Sri VS RAMACHANDRA RAJU	DU NO 134	MEMBER
(iii) HFO (Retd) S LAXMI RAJAM	DU NO 229	MEMBER
(iv) Sri GV SUBBAIAH	DU NO 213	MEMBER
3. The BOM's in their convening letter dated 18 Sep 18 have given the "terms of references" to the committee as follows:
  - (a) Change in front elevation of the Buildings
  - (b) Change of number of Floors of the Building
  - (c) Change of Plinth area of the Building
  - (d) Action to the Existing DU's who have already modified without NOC
  - (e) The Committee may take care that the Occupation of each DU shall be limited to One Family as our infrastructure may not be sufficient for multiple families.

The Committee also considered **additional issues / points** listed below; some of them have been discussed in previous AGM's

- (f) Rules for Extra Room allotted
- (g) Rules for Extra Garages allotted
- (h) Renovation of DU's based on Vastu
- (i) Sub-letting of DU's
- (j) Utilisation of common places by extending the DU
- (k) Process to give NOC for - Past Unauthorised Additions / Modifications to DUs +  
Process to give NOC for - Additions / Modifications for Present / Future DU's
- (l) Unauthorised Additions / Modifications to DU's above the NOC's issued Past / Present / Future
- (m) Commercial activities in the DU's
- (n) Commercial complex
- (o) Community Hall
- (p) For Flats - "Demarcating of undivided portion of land" for Type V, Type II/III.
- (q) Security fencing within the colony dividing the colony broadly into zones.

4. Alterations and Additions Committee has requested the BOM's vide their letter dated 25 Sep 18 to provide " All the relevant documents held in JVV society Office in respect of DU's regarding Approvals / Sanctions / NOC issued / received from AFNHB / BOM's / GHMC till date alongwith their relevant drawings / documents. Committee also requested BOM's to provide any other relevant information available in the Office to progress in the report preparations.
5. However, BOM's have not provided any information and replied vide their letter dated 26 Sep 18 that the relevant documents in respect of DU's is available in the Office for perusal and that it involves verification of large volume of the documents. The Committee has than asked the BOM's to please give specific approvals / permissions obtained received for a particular type of DU's - Type II / III / III-H from AFNHB / GHMC / NOC's from BOM's JVV. BOM's vide their circular no 9 dated 03 Oct 18, asked the DU Owners to provide the same, but there has been no response from any of DU Owners Nor the BOMs have provided the details from their end.
6. The Committee Members met on 28 Sep 2018 and discussed the various options of generating a consensus report agreeable to majority of the DU Owners as per terms of reference. Cdr Ashok Kumar, Convener, suggested that instead of generating a report by taking "only views of the Committee Members, BOM's and Resident DU Owners", it is suggested to "take views of the majority of the DU Owners" and make the process of decision making a "PARTICIPATORY DECISION OF MAJORITY OF DU OWNERS".
7. Additions and Alterations Committee [henceforth in short called - (A&AC)] have decided to make the Committee report a - Participatory decision making of the DU Owners. Views and opinions of all the DU Owners of JVVHOWA would be sought by Simple YES / NO answers to the questionnaire, which on receipt will be compiled before presenting to the BOM's and Annual General Body / Extra Ordinary General Body. As the views expressed by the majority of the DU Owners to the questionnaire will be in writing, the Survey will be more an authentic representation of the DU Owner views / opinion and the same could be the recommendations of the Committee.
8. It is seen that, from the past, AGM's/EGM's when held, even after an extension of time has hardly been able to muster a Quorum and even after obtaining a Quorum, the strength has not crossed 80 Owners. Thus "taking views of the majority of the DU Owners" was considered. This above proposal was agreed by all the committee members, as all DU Owners will be involved in the decision making process.
9. The Committee on 02 Oct 2018, requested the BOM's to give an approval to take photographs of all DU's to get the ground realities which could then be matched to concur with the approvals received by the individual DU's Owners. The BOM's have given an approval and issued a circular No 9 dated 03 Oct 2018, to all DU Owners in the Colony to Co-Operate with the committee to take the Photographs of the DU's as and when they visit.
10. A Questionnaire with 24 Questions were prepared, discussed and agreed to by all the Committee members. The Questionnaire was then submitted to the BOM's for circulation vide letter dated 11 Oct 2018 and intimated that a soft copy of the Questionnaire will be sent to all Outstation DU Owner as an advance copy to hasten the replies from them. For this survey / Opinion Poll, the Committee has opened a separate mail ID for correspondence as "additionsalterationscommittee@gmail.com". Initially the Questionnaire was circulated to the DU Owners residing in the Colony only, subsequently on request from the Committee, it was posted to all DU Owners staying outside the Colony.
11. The committee requested the DU Owners in the preview to the Questionnaire at serial 9, to give any additional Questions that needed to be included in the Questionnaire alongwith their possible answers and send them to the Committee, so as to be included in the Questionnaire as an addendum for next round of circulation. However, as there have been **NO** suggestions received from any DU Owner, the 24 Questionnaire given to the DU Owners by the Committee is considered as final Questions for Survey.

12. The DU Owners were expected to "tick" their "choice answer" in the Questionnaire and submit it back to the office / the Committee. Subsequently, Wg Cdr Narsimhan, Officiating President JVVHOWA, as a feedback, has informed the Committee, that the DU Owners have expressed to him that, they [DU Owners] have not understood how to answer the Questionnaire. Hence, to make Answering the Questionnaire easier, the Committee members prepared a "SAMPLE ANSWERS" with sample answer column and another column for the DU Owners to provide "DU Owners Choice of Answers". Subsequently, the answer sheets were then circulated to all DU Owners to be filled and submitted to the JVV Office / Committee.

13. Further, the Committee has requested the DU Owners vide Para 7 of the Preview for - "All DU Owner's who have received a NOC / Approved plan from the Municipal Authorities / BOM / AFNHB / Competent Authority / GHMC may please forward / handover a copy to the committee personally [to avoid misplacement] to include in the list of approved plans for the colony". However, the Committee has not received any response from any of the DU Owners with regard to any Approved plan / NOC from the Municipal Authorities / BOM / AFNHB / Competent Authority / GHMC.

14. Further, the Committee has requested the BOM's vide Para 8 of the Preview for - "BOM's to handover ANY the approved NOC / drawings / etc received from:

- a) AFNHB / Municipal authorities / DU Owners etc and
- b) All BOM's approvals given to DU's so far.

However, the Committee has not received from the BOM's - any Approved Plan / NOC from the Municipal Authorities / BOMs / AFNHB / Competent Authority / GHMC given to the DU Owners of any Type of DU - Type VI / V / V-H / II / III / III-H.

15. The Committee members went round the DUs for Photographs and have taken Two views of each DU / Block of DUs [for flats], one being front view and second being rear view of each of the DU/block of DUs

16. The report of the "ALTERATIONS AND ADDITIONS COMMITTEE - JVVHOWA, HYDERABAD" is enclosed in THREE PARTS

- (i) Summary of the Responses - Answers Received for each of the 24 Questions from all DU Owners Pg 23-28
- (ii) Analysis of the Responses - Answers received from all the DU Owners - Individual DU / Flats Pg 29-34
- (iii) Responses by the Committee to Queries / Comments from DU Owners Pg 19-22
- (iv) FINAL Recommendations of The Committee with respect to "Terms of Reference" and "Additional Points / Issues" based on the DU owners opinion for Alterations and Additions to Dwelling Units of JVVHOWA. Pg 35-40  
Pg 4-18

REPORT of the COMMITTEE IS SUBMITTED based on DU Owners Recommendations for perusal by BOMs and then to call for an EGM for the purpose to discuss and pass it. As approved by the EGM, EGM can authorize for an amendment to the BYE Laws of JVVHOWA, incorporating the changes approved for ratification of AGM.

Thanking You.  
Your Sincerely,

# Recommendations of The Committee

## ALTERATIONS AND ADDITIONS COMMITTEE JVVHOWA, HYDERABAD

1. BOM's, JVVHOWA, formed an Alterations and Additions Committee vide their letter dated 18 Sep 2018 as approved by the JVVHOWA, AGM HELD ON 15 Jul 2018 at point 5 page 2 & 3 of the Minutes of the Meeting dated 03 Aug 2018.
2. The BOM's in their convening letter dated 18 Sep 18 have given the "terms of references" to the committee as follows:
  - (a) Change in front elevation of the Buildings
  - (b) Change of number of Floors of the Building
  - (c) Change of Plinth area of the Building
  - (d) Action to the Existing DU's who have already modified without NOC
  - (e) The Committee may take care that the Occupation of each DU shall be limited to One Family as our infrastructure may not be sufficient for multiple families.

The Committee also considered **additional issues / points** listed below; some of them have been discussed in previous AGM's

- (f) Rules for Extra Room allotted
  - (g) Rules for Extra Garages allotted
  - (h) Renovation of DU's based on Vastu
  - (i) Sub-letting of DU's
  - (j) Utilisation of common places by extending the DU
  - (k) Process to give NOC for - Past Unauthorised Additions / Modifications to DUs + Process to give NOC for - Additions / Modifications for Present / Future DU's
  - (l) Unauthorised Additions / Modifications to DU's above the NOC's issued Past / Present / Future
  - (m) Commercial activities in the DU's
  - (n) Commercial complex
  - (o) Community Hall
  - (p) For Flats - "Demarcating of PROPORIONATE Land with undivided portion of land" for Type V & II/III
  - (q) Security fencing within the colony dividing the colony broadly into zones.
3. Firstly, The Committee will define the terms - "**Alterations and Additions**" to a Dwelling Unit:
    - a) **ALTERATIONS** means carrying out changes by having temporary structures for protecting the DU / D items like doors and windows from Sun / Rain and also altering a kitchen platform inside to suit modern amenities, changing the doors and windows which are getting rusted / swollen with water seepage, termite infected, changing the floors, etc all of them do not involve structural changes to DU like shifting / removal / Construction of a wall.
    - b) **ADDITIONS** means Structural changes being carried out to alter the size of the rooms / building internally / externally and add additional structures to increase the plinth area of a DU.
  4. Total Dwelling Units in JVVHOWA are **357 Nos** + Total No of Extra Rooms = **16 NOS** + Total No of Extra Garage **4 Wheeler** = **8 Nos** + Total No of Extra Garage **2 Wheeler** = **12 Nos**  
**Types of Dwelling Units are:**
    - A) Duplex Type VI = Total = **198 Nos** [1 to 101+261 to 349+61A,61B,62A,62B,66A,78A,85A & 93A]
    - B) Flats Type V = Total = **72 Nos** [102 to 173]
    - C) Flats Type II / III = Total = **42 Nos** 174 to 215
    - D) Independent DU Type III-H = Total = **30 Nos** 216 to 245
    - E) Duplex Type V-H = Total = **15 Nos** 246 to 260

5. Firstly, the Committee members would like to thank each and every DU Owner of JVVHOWA for their overwhelming response to the Committee's Questionnaire.
6. With all out efforts by all the members of the Committee, more than 60% responses have been received. To achieve above 50% responses for each type of DU was a herculean task. The Committee Members have made an all out effort which includes -
- Handing Over the Questionnaire to Owners staying in the DU at JVV +
  - Posting the Questionnaire to all DU Owners outside JVV +
  - Visiting the DU Owners staying in the Colony a couple of times +
  - Sending E-Mails to all the DU owners a number of times +
  - Sending SMS a number of times during later stage as some e-mails bounced and some Owners e-mails were not available.
7. There were more than 100 in number of DU Owners, whose E-Mail ID's were not available. The same was informed to the BOM's. As no response from BOM's and to obviate absence of e-mail ID's, final push was given by sending SMS to the DU Owners whose Cell numbers were available, a couple of times. Some of DU Owners, then have given their correct E-Mail ID's to whom Questionnaire were sent. These have paid the way to maximum responses in a shortest possible time. Further, there still exist some DU Owners where in, both mail ID's and contact Numbers are not available / are incorrect and to accounts to more than 50 DU's including those whose contact Numbers are Wrong. Committee's desire to have a **"PARTICIPATORY DECISION MAKING BY RECEIVING RESPONSES FROM A MAJORITY OF DWELLING UNIT OWNERS"** has been achieved / fulfilled.
8. Committee would like to state that by mid Feb 2019, received **221 responses out of 357 DU's** which amounts to **61.90%** of the total number of DU's. Again, the Committee would like to state that each type of DU's type VI/V-V-H/II/III/III-H have each crossed 50% responses. Except for type-V response which is 52.78%, rest of the other types VI/V-H/II/III/III-H of DU's has **crossed 60% response**.
9. Receiving Responses/Data itself is not a task. **Compilation of the data** is a most herculean task. There are more than 100 choices of answers for each DU, each answering differently and this is to be compiled for total 221 DU's whose responses has been received. This was done quite easily with an excellent excel sheet designed by Cdr S Ashok Kumar, Convener, A&A's Committee. The data input was also done by Convener, which is a time consuming process. The excel sheet gives an **overall total responses** of the DU Owners for each Question and Can also give the **responses separately for each Type Of DU**.
10. Firstly, the **FOUR MAJOR** responses of DO Owners are as follows:
- a) **WHAT IS AN ALTERATIONS AND ADDITIONS TO A DWELLING UNIT:** 173 out of 203 DU Owners i.e., **85.22%** of responses received from all type of DU Owners have indicated as:- **"Any change to the DU as handed over by AFNHB - TEMPORARY/PERMANENT in Nature - either INTERNAL / EXTERNALLY "CONSTITUTES" an "ALTERATIONS AND ADDITIONS TO A DWELLING UNIT"**.
  - b) **NECESSITY FOR ALTERATIONS AND ADDITIONS to DU:** 178 out of 220 DU Owners i.e. **84.7%** responses received from all types of DU have **RECOMMENDED** as - **"THERE IS A NECESSITY TO HAVE ALTERATIONS & ADDITIONS TO A DWELLING UNIT" "AS CONSTRUCTED & HANDED OVER BY A"**
  - c) **ALTERATIONS TO DU'S:** 100% responses received have recommended for **ALTERATIONS** to be carried out as there is **NO STRUCTURAL CHANGE INVOLVED**. RULES are thus required framed for **ALL ADDITIONS / MODIFICATIONS**.
  - d) **TOTAL DEMOLITION** of a "DU" or a **COMBINATION** of DU's and **IN LIEU CONSTRUCT ANOTHER DU OR A COMBINATION OF DU'S:** 168 OUT OF 208 DU Owners i.e. **80.77%** of responses received from all types of DU have **"REJECTED" "DEMOLITION & RECONSTRUCTION" of ALL TYPE OF DU'S** either **INDIVIDUALLY** or in **COMBINATION OF DU'S"**.

11. The following is the "RECOMMENDATIONS OF THE COMMITTEE" for the TERMS OF REFERENCE:  
 Each of the Terms of Reference will be considered for -  
 - all Independent DU's [both Duplex & Single Stand Alone Independent Units Type VI/V-H/III-H]  
 - Secondly for all Multistoried Dwelling Units [Flats] [Type V/III/II]

**(a) CHANGE IN THE FRONT ELEVATION OF THE BUILDINGS:**

**INDEPENDENT DU'S:**

- (i) **BOTH GROUND & FIRST FLOOR:** 73.50% from all type of DU Owners Recommended A&As to "Both ground and first floor PLINTH AREA of an Independent DU. Building Elevation to be Maintained to give SIMILARITY on FACIAL APPEARANCE of STONE MASONRY."
- (ii) **GARRAGE:** 76.80% of responses received from all type of DU Owners have recommended A&As to the GARRAGE as Internal to residence & ALTERATION TO GARAGE SHUTTER CAN BE CARRIED OUT WITHOUT ALTERING the FRONT SHUTTER look ELEVATION."
- (iii) **FIRST FLOOR:** 96.51% of responses received from all type of DU Owners have recommended for EXTENSION OF ADDITIONAL ROOMS on the FIRST FLOOR to meet family commitments AND 68.60% recommend "BUILDING ELEVATION to be MAINTAINED to give similarity, especially the FACIAL APPEARANCE of STONE MASONRY."
- (iv) **GF FRONT OPEN AREA:** 63.64% of all type DU owners have recommended "A&A's in the "FRONT OPEN AREA" of Independent DU such that there is "NO ELEVATION CHANGE" and "LOOKS IDENTICAL to PRESENT ELEVATION with FACIAL APPEARANCE of STONE MASONRY" by utilizing the Front OPEN space available to meet the "PERSONAL REQUIREMENTS".

**MULTISTORIED DWELLING UNITS [FLATS]**

- (i) **REAR SIDE:** 89.15% of all type DU owners have recommended "A&A's be DONE WITHIN the MULTISTORIED DU's [Flats] by EXTENDING PLINTH to the REAR SIDE, by UTILIZING UNDIVIDED PORTION OF LAND considering INDIVIDUAL BLOCK as a UNIT and only if all members - [minimum 75% or more members of the block] agree to the A&As". Further, the extended balcony / open space area can be a covered unit. ELEVATION OF UNIT BEING REAR SIDE CAN CHANGE. The Extension is Limited to 100 SqFt for TYPE V, TYPE II & III as approved in the Drawing by the BOM [Type V - Block 106 to 111] and [Type II / III - Block 186 - 189 and 195 - 201]. No Extension is permissible for next 25 Yrs.
- (ii) **FRONT SIDE:** 79.25% of all type DU owners have recommended "INSTALLATION of LIFT" by EXTENDING THE PLINTH at FRONT END by UTILIZING UNDIVIDED PORTION OF LAND considering INDIVIDUAL BLOCK as a UNIT" and only if all members - [minimum 75% or more members of block] agree to the A&As". The present "OPEN BALCONY" which is in the front side gets extended upto the LIFT. Extended BALCONY being on FRONT side "SHOULD NOT BE COVERED" and should be OPEN so that ELEVATION of the BLOCK of units WILL NOT CHANGE. The Extension is Limited to 100 SqFt for TYPE V, TYPE II & III as approved in the Drawing by the BOM [Type V - Block 106 to 111] and [Type II / III - Block 186 - 189 and 195 - 201]. No Extension is permissible for next 25 Yrs.

**(B) CHANGE OF NUMBER OF FLOORS OF THE BUILDING:**

**INDEPENDENT DU'S:**

71.07% of all type DU owners have recommended FOR ALL TYPES [VI/V-H/III-H] Alterations & Additions to a DU for INCREASING NO OF FLOORS to a MAXIMUM of GROUND+ONE Floor ONLY. "NOT RECOMMENDED" for MORE THAN GROUND+ONE FLOOR."

**MULTISTORIED DWELLING UNITS [FLATS]**

CHANGE in Number of Floors for MULTISTORIED FLATS IS NOT APPROVED / NOT RECOMMENDED."

**(C) CHANGE OF PLINTH AREA OF THE BUILDING:**

**INDEPENDENT DU'S:**

- (i) **GROUND FLOOR:** 79.80% from all type of DU Owners have recommended - "UPTO 50% GROUND FLOOR PLINTH AREA INCREASE by A&As". 72.78% of responses Recommended - A&As could be undertaken ON ALL SIDES - REAR SIDE, FRONT SIDE and SIDE PASSAGE as required.
- (ii) **FIRST FLOOR:** 96.51% from all type of DU Owners have Recommended - "A & A's to EXTEND ADDITIONAL ROOMS on FIRST FLOOR to meet family commitments."
- (iii) **GROUND + FIRST FLOOR:** 73.50% from all type of DU Owners Recommended A&As to the "BOTH GROUND & FIRST FLOOR AREA, 82.12% recommended for 50% and 62.91% for above 50% INCREASE for a Combined GF+FF INCREASE in AREA."

**MULTISTORIED DWELLING UNITS [FLATS] TYPE V, TYPE II & III**

- (i) **REAR SIDE:** 89.15% of all type DU owners have recommended "A&A's by EXTENDING PLINTH to the REAR SIDE, by UTILISING UNDIVIDED PORTION OF LAND considering INDIVIDUAL BLOCK as a UNIT and only if all members - [minimum 75% or more members of the block] agree to the A&As". The Extension is Limited to 100 SqFt for TYPE V, TYPE II & III as approved in the Drawing by the BOM [Type V - Block 106 to 111] and [Type II / III - Block 186 - 189 and 195 - 201]. No Extension is permissible for next 25 Yrs. [Extension is to make the BLOCK a RECTANGULAR BLOCK].
- (ii) **FRONT SIDE:** 79.25% of all type DU owners have recommended "INSTALLATION of 'LIFT' by EXTENDING THE PLINTH at FRONT END and by UTILISING UNDIVIDED PORTION OF LAND considering INDIVIDUAL BLOCK as a UNIT and only if all members - [minimum 75% or more members of the block] agree to the A&As". The Extension is Limited to 100 SqFt for TYPE V, TYPE II & III as approved in the Drawing by the BOM [Type V - Block 106 to 111] and [Type II / III - Block 186 - 189 and 195 - 201]. No Extension is permissible for next 25 Yrs.

**(D) ACTION TO THE EXISTING DU'S WHO HAVE ALREADY MODIFIED WITHOUT NOC**

70.63% of all type DU owners have recommended:

**"APPROVAL of ALREADY CARRIED OUT ADDITIONS & ALTERATIONS / RENOVATIONS to the DU"** as long as the **FRONT ELEVATION** is **MAINTAINED** for **BOTH INDEPENDENT** and **MULTISTORIED FLATS** as per the **NEW GUIDELINES** at Para (A), (B) and (C) above [being **FORMULATED NOW**].

(i) **INDEPENDENT DU:** As long as A&A is DONE INTERNALLY/FRONT/REAR/SIDE PASSAGE/ FIRST FLOOR. **APPROVAL** is for **GROUND+FIRST FLOOR. NOT RECOMMENDED** for **SECOND FLOOR.**

(ii) **MULTISTORIED FLATS:** As long as A&A are DONE-in the REAR and FRONT SIDE Maximum 100SqFt on **EACH SIDE** by **EXTENDING PLINTH by UTILISING UNDIVIDED PORTION** of LAND considering INDIVIDUAL BLOCK as a UNIT and only if all members - [minimum 75% or more members of the block] agree to A&As.

**(E) THE COMMITTEE MAY TAKE CARE THAT OCCUPATION OF EACH DU SHALL BE LIMITED TO ONE FAMILY AS OUR INFRASTRUCTURE MAY NOT BE SUFFICIENT FOR MULTIPLE FAMILIES**

**INFRASTRUCTURE of the COLONY:** Infrastructure thath could get affected due to increase in number of persons in a DU are **WATER/SEWERAGE/ELECTRICITY/VEHICLE PARKING**. All FOUR will be dealt below:

**WATER SYSTEMS:**

As per the **water consumption report** [report attached] from Apr 2014 and Jan 2019 following is stated:  
As for as Water requirements of the Colony is considered,

- (i) Agreement made with HWSSB to supply 400kl/day water (**1200 kl/mth**) with a provision of 10% excess allowance with no cost increase i.e. 440kl/day (**13200 kl/mth**) (30 days) of water
- (ii) It is observed from the records of past 58 months that a maximum quantity drawn was 9762kl/mth in Jun 2015 and a minimum quantity was 7072kl/mth in Feb 2018. [P.S: Above 9000 KI/Mth is in year 2014-15].
- (iii) Hence, from the colony water **UTILISATION/CONSUMPTION** load, it is observed that **more than 25% to 30% surplus water is available** from 2016 to 2019[ $12000 \times 75\% = 9000$  KI/Mth &  $13200 \times 70\% = 9240$ ] in the colony for expansion. Hence, Colony has sufficient buffer for family increase in DU's upto 25%.

**SEWERAGE SYSTEM:**

The sewerage system in the last couple of years has been Good and no issues for the last 25 yrs. GHMC has laid large pipes through the colony which carries load from neighboring colonies. If necessary, GHMC System can be used as a buffer in case families increase in the colony.

**ELECTRICITY SYSTEM:**

As on date there has been **ISSUES** on the **DISTRIBUTION BOARDS [DB's]** & its **FUSES, Wiring** from **DB's to House meters, and TRANSFORMERS to DB's**. Transformer capacity, has been satisfactory. There is a need to **appoint a committee for ELECTRICAL LOAD audit** of colony electrical system. Committee to study various distribution loads of each transformer such that 25%-30% spare capacity to be available for each transformer. If necessary Transco be approached for Upgradation & Maintenance of transformers on regular basis. All are located in common areas prior to handing over of DU's and these locations cannot be shifted.

**PARKING OF VEHICLES:**

Parking Lines be marked in total Colony. Vehicles <sup>should be</sup> parked within this line. Boards be displayed for No PARKING / Parking within lines. Vehicle stickers issued and displayed. Temporary parking for visitors be Displayed. Action be taken for all non compliance of 2/4 Wheeler's by releasing air and a fine of Rs 50 / 100 / 200 / 500 for each repeat wrong parking. Also, Place large size GRANITE stones at all 4 wheels for a car and for 2 wheelers on the seats. This action boards be displayed. After 4 warnings with date and time [Office copy Proof be shown to police to tow the vehicle away].

### MAINTENANCE CHARGES" for Extra Garrage/Extra Room

**Additional Independent floors of DU - "LET OUT" AGAINST THE RECOMMENDATIONS**

- (i) **74.84%** of all type DU owners have **"NOT RECOMMENDED"** **"TO LET OUT"** **"EXTRA GARRAGE / or ADDITIONAL INDEPENDENT FLOORS** of DU and **Separate Entry Flats** TO OTHER then **FAMILY** in the DU or **FLAT** ARE meant for **"USE" only** by **FAMILY MEMBERS STAYING** in the DU to which it belongs to.  
(ii) **89.23%** of all type DU owners have recommended "that if **"EXTRA GARRAGE or EXTRA ROOM ADDITIONAL INDEPENDENT FLOORS of the DU "IS LET OUT"** against the recommendations, to other the **FAMILY MEMBERS STAYING** in the DU, THAN, **"MAINTENANCE CHARGES ARE LEVIABLE."**  
(iii) **88.24%** of all type DU owners have recommended that if **"EXTRA GARRAGE or EXTRA ROOM ADDITIONAL INDEPENDENT FLOORS of the DU "IS LET OUT"** against the recommendations, to other the **FAMILY MEMBERS STAYING** in the DU, THAN, **100% MAINTENANCE CHARGES" ARE LEVIABLE.**

### (H) RENOVATION OF DU'S - PAST / PRESENT / FUTURE

- i) **70.63%** of all type DU owners have recommended **"APPROVAL OF ALREADY CARRIED OUT ADDITIONS & ALTERATIONS/MODIFICATIONS/RENOVATIONS** to the DU - As long as they are **INTERNALLY FRONT END / REAR SIDE / SIDE PASSAGE AREA** & as long as **FRONT ELEVATION** is **MAINTAINED** [as per the **NEW GUIDELINES** being FORMULATED NOW]".  
ii) **80.63%** of all type DU owners have **recommended** **FUTURE MODIFICATIONS / A&As / Renovation** to the DU - As long as they are **DONE - INTERNALLY / FRONT END / REAR / SIDE PASSAGE AREA** and a **FRONT ELEVATION** is **MAINTAINED** [as per the **NEW GUIDELINES** being FORMULATED NOW]

(I) SUB-LETTING OF DU'S

It is seen that SUB LETTING of the DU by some OWNERS / TENANTS is done.

- (i) **FAMILY LIMITS** in a DU is not to exceed TWO ELDERS [Children excluded] per Bed Room of a DU.
- (ii) **SUB LETTING** of a DU is **NOT PERMITTED** either by OWNER / TENANT.
- (iii) **ACTION:** The BOM's are required to intimate the DU Owner & Tenant by a Letter / Mail on the subject giving him a Notice to ensure that Sub Letting is stopped immediately by 15 days from the date of Notice. If the same is not adhered to, the committee recommends that the BOM's be given the powers by AGM to collect **"ADDITIONAL FOUR TIMES"** the maintenance charge from the DU OWNER from the date known that the DU has been SUBLET till date of vacation ~~is~~ intimated by the Owner / Tenant in writing.

(J) ENCROACHMENT / UTILISATION OF COMMON PLACE BY EXTENDING THE DU

The Committee members discussed the issue of UTILISATION OF COMMON PLACES or EXTENDING THE DU ON A TEMPORARY OR PERMANENT BASIS by some OWNERS / TENANT.

**ACTION:** The BOM's are required to intimate the DU Owner / Tenant by a Letter / Mail on the subject giving him Notice to ensure that the **ENCROACHMENT / UTILISATION** of common places be dismantled immediately and not later than 15 days from the date of Notice failing which, the BOM's be given the powers by AGM to take action of **REMOVAL OF THE ENCROACHMENT at the cost of the Owner.** BOM's could take the assistance of POLICE and / or GHMC's / Legal action as deemed fit. From the date of **ENCROACHMENT / UTILISATION** of common place to date of clearance **"ADDITIONAL FOUR TIMES"** maintenance charge be charged with the approval of AGM. *by BOM's*

(K) PROCESS TO GIVE NOC FOR MODIFICATIONS TO DU - PAST / PRESENT / FUTURE.

Process of giving NOC will be discussed in TWO parts. Firstly, MODIFICATIONS to - PRESENT / FUTURE of DU's and Secondly, MODIFICATIONS of DU's already completed [PAST].

PROCESS TO GIVE - NOC FOR MODIFICATIONS OF DU'S ALREADY COMPLETED [PAST].

- (i) BOM's to issue a circular to all DU Owners to obtain a NOC for Additions / Modifications already carried out in their Dwelling Unit from that as handed over by AFNHB. DU's where only Alterations are carried out as defined are required to intimate that "NO MODIFICATIONS / ADDITIONS have been carried out".
- (ii) DU Owners should submit a sketch of modifications carried out along with photographs to show the present state of the DU with a specific time frame of about 15 days to one month maximum.
- (iii) On receipt of the above info, BOM's to scrutinize and physically verify each DU as is and then to give an NOC to those DU's where Modifications / Additions have been carried out, if the document provided is correct or else ask the DU Owner to correct the info if it is not correct.
- (iv) After receipt of NOC, the DU Owner to obtain approval from municipal authority within 2 months and submit the approved municipal copy to BOM's.
- (v) BOM's will then have to update the data of the relevant DU.
- (vi) If Municipal authority does not give an approval specifying deviations within limit, the same be provided to BOM's for record.

PROCESS TO GIVE - NOC FOR MODIFICATIONS OF DU'S OF FUTURE REQUIREMENTS:

- (i) DU Owner to provide the drawings for proposed Additions / Modifications alongwith structural changes approved by a competent authority
- (ii) DU Owner is to provide NOC from all neighbors to BOMs for the proposed changes. If NOC is not given by any neighbor, the BOM's may seek the opinion of the neighbor & if no reply / no suitable reply is received, BOM may take a decision to give NOC with caution to adhere strictly the terms of approval.
- (iii) DU owner to indicate the DATE of proposed start & proposed completion minimum THREE weeks before commencement date so that sufficient time is available for approval process to give NOC by BOM's.
- (iv) DU Owner has to give an undertaking that during process of construction **"NO"** deviations structurally will be carried out from proposed / approved drawing. If any structural changes are needed during construction from that approved, a revised sketch be given to BOM's one week in advance for approval.
- (v) DU Owner is to give an undertaking that work timing will be between 7AM to 8PM only and that a canvas cover / Tarpaulin will be put towards the neighbors house to avoid any dust & smell during the process of work for Neighbors.
- (vi) DU Owner is also to give an undertaking that if during the process of work, any damaged is caused to the neighbors DU's or Common property, he will replace it / do good with a new one at his cost within 15 days of occurrence to the satisfaction of the affected party.
- (vii) DU Owner will have to give an undertaking that his material for work or the debris will not obstruct the neighborhood and debris will be cleared on a regular basis whenever it reaches a tractor load.

*[Signatures]* A.V. Subrahiah

- (viii) On receipt of the above seven undertaking from the DU Owner, BOMs could give provisional approval / NOC as per the revised rules / Bye Laws of JVVHOWA for Alterations / Modifications of the DU.
- (ix) The DU Owner than has to get the Municipal approval for the plan based on NOC and submit the Municipal approval drawing to the BOM's.
- (x) Work should commence **only after approval from BOM's** who will give **work commencement certificate** after receipt of approved drawing from the Municipal Authority.
- (xi) One BOM's Rep is to monitor on weekly basis the work under progress & ensure no deviations are taking place in the construction. DU Owner is to give the state of work and likely work completion / progress to BOMs on a monthly basis on 10<sup>th</sup> of every month following the date of work commencement certificate.
- (xii) Once all structural changes have been completed in the DU, the DU Owner is required to submit revised drawings to the BOMs before other internal works commence / progress.

**(L) UNAUTHORISED ADDITIONS TO DU'S ABOVE NOC'S NORMS OF  
ADDITIONS & ALTERATIONS PAST - PRESENT - FUTURE:**

- (i) **PAST UNAUTHORISED ADDITIONS TO DU'S ABOVE AGREED NORMS (NOC'S) OF ADDITIONS & ALTERATIONS** - After BOMs issue a circular / letter.
  - a) All past DU Owners who have carried out A&A's to their DUs which are **NOT as per Agreed norm** and approved by the AGM, needs to **bring their DU's to the conditions as per approved set of Rules**.
  - b) Only after that, a NOC from the BOM's can be issued for regularization with the Municipal Authorities.
  - c) Those **refusing to revert to the approved norms**, within a reasonable time fixed by AGM [2 months from date of issue of letter / circular], BOM's be Authorised by AGM to proceed with such DU Owners legally as the case may be or any means as decided by BOM's.
  - d) Further, AGM may approve to **impose ADDITIONAL FOUR times the Maintenance charges** on such DUs from the date of Circular / letter till the date the DU are brought as per NOC norms.
  - e) Further, AGM to Authorise BOM's to ensure that no construction material of any nature are permitted for use by the DU Owner; even if the Owner brings the material, the BOM's be authorized to confiscate the same at the cost of the DU Owner.
- (ii) **PRESENT / FUTURE - UNAUTHORISED ADDITIONS TO DU'S ABOVE THE NOC'S ISSUED**
  - a) BOM's are required to issue a Notice to the DU Owner of Unauthorised Additions / Modifications over and above the approved NOC and DU Owner is to stop all work forthwith and get the additional modifications demolished and comply to the approved NOC within a maximum of one week.
  - b) If this does not take place, no material be permitted by the BOM's to be parked at the DU and if a parked, the same be confiscated at the cost of the DU Owner.
  - c) Further construction be permitted, if the revised drawing within the rules permitted is given by the DU Owner and approved by BOM's. Structures that are not as per rules to be removed by the DU Owner before further work is permitted.

**(M) COMMERCIAL ACTIVITIES IN THE DU'S**

Commercial complex should be used for use as a RESIDENTIAL PURPOSES ONLY.

- a) The colony has been constructed for use as a RESIDENTIAL PURPOSES ONLY.
- b) No COMMERCIAL activities of any nature are permitted in the colony as per the BYE LAWS.
- c) If any commercial activities are being done against the Bye Laws, BOM's are required to issue a notice to the Owner and the Tenant to stop all activity within one week.
- d) AGM to authorize the BOMs to remove any commercial boards at the DU and also put up outside DU - Posters and Notice saying no commercial activity is permitted in this dwelling unit and is against the rules of the society.
- e) AGM to authorize the BOMs to **impose Additional FOUR TIMES ADDITIONAL MAINTENANCE CHARGE ON THE DU** from the date of issue of notice till the date activity is stopped. If the activity stopped within 15 days of the issue date of notice, the enhanced maintenance charges be ignored.

**(N) COMMERCIAL COMPLEX**

Commercial complex should also have earmarked undivided portion of land for future utilization and parking facility in the overall undivided portion of land

**(O) COMMUNITY HALL**

- a) Provision for air conditioning the hall and providing circulating fans both in the hall & outside covered area.
- b) Community hall should also have earmarked undivided portion of land for future utilization and parking facility in the overall undivided portion of land

**(P) SECURITY FENCING WITHIN THE COLONY DIVIDING BROADLY INTO THREE ZONES**

**PLAN NO (I)**

**ZONE NO 1:** DU NO 1 TO DU NO 78A. Close road no 1, 2 & 3 and the road in between at DU no 81 & 82. Inlet to this block of DUs is to be at rear end fencing of DU no 81 & 82 to permit road access for incoming vehicles standing for check prior to entry. Being entry from double road will not block the traffic on North - South road. Exit could also be the same point or at road no 2 at DU no 34.

**ZONE NO 2:** DU no 269 to 296 + DU No 102 to 173 + DU No 227 to 260. Close road after shopping complex at DU No 297. This could be used as entry point. Close the road near DU No 227. This can be used as exit point. Alternatively, entry point can also be used as exist point near shopping complex.

**ZONE No 3:** DU No 174 to 218. Entry & Exit points can be at DU No 216.

**PLAN NO (II)**

If the **North Gate** can be closed for vehicular traffic, than Additional DU's Nos: 280 to 284 + DU's Nos: 297 to 300 + DU's Nos: 301 to 349 [Total 58 DUs] will also get security by closing the road at DU No 280. Then only 2 Zones are sufficient.

As on date **No Zones** is feasible for DUs located on **North - South** and **East - West Roads**. DUs not going to be covered in the Zones are DU Nos 78A to 101 + DU Nos 35 to 39 + DU Nos 60 to 65 + DU Nos 261 to 268 apart from DU's Nos: 280 to 284 + DU's Nos: 301 to 349. **Total 126 DUs** [35 number DUs on East west Road + (15 + 9 + 49 + 18 = 91 Nos) 91 Nos on the North South Road.

**(Q) FOR FLATS - "DEMARCATING OF UNDIVIDED PORTION OF LAND" TO THE "GROUP OF BLOCKS"**

This will be covered in the end

**13. BRIEF ON THE JVV COLONY - ITS AREA AND DIVISION OF PROPERTY SHARE TO ALL STAKE HOLDERS**

- i) AFNHB was allotted 2 pieces of land for JVV, Kukatpally consisting of 24 acres 24 guntas + 01 acre 14 guntas = Total 25 acres 38 guntas
- ii) Undivided land share of Flat type DUs boundary has not been clearly marked during costing/registration.
- iii) LAND excluding individual share like undivided share of Individual / Flat owners comprising common land / areas / utilities / facilities / amenities - have neither been **included** as undivided land share nor has been **transferred** to JVVHOWA.
- iv) Land area cost proportion for Phase I to Phase II has been as per AFNHB: 49.31 : 50.69.
- v) Total area exclusively given to Independent Units has been charged to them. Actual land area covered by the building housing the flats has been charged to them. All other areas have been taken as common area on which every resident has shared the cost and has equal right. [DG AFNHB vide para 4 of his letter AFNHB/ADM/740 dated 07 Apr 2003 is in variance with DG AFNHB letter AFNHB/707-III dated 24 Nov 2008 and 18 Apr 2006 which needs to be reconciled, as to which is correct.
- vi) Further, AFNHB letter AFNHB/707-III dated 24 Nov 2008 issued in reply to JVVHOWA letter dated 01 Sep 2008 contains inaccuracies in calculation of Land and Plinth.
- a) For example, some independent DU has passage of 5 ft on either side & has a larger plot area of 238 Sq Yds against 220 Sq yds for DU's with 5 Ft passage on one side in the FIRST phase DU's. [All DUs of 101 Nos have been considered as 220 Sq Yds in the calculation].
- b) Plinth area calculations of Flats (para 8) of Type V varies from 1346 Sqft to 1439 Sq ft for 6 different sizes of Flat. Garage Plinth area is in two categories of 208Sq ft and 229 Sq ft. Similarly, there are 4 different sizes for type III Flats.
- c) Plinth Area of 14 Type II Flats are 715 Sq Ft [673 Sq Ft + 42 Sq Ft]. 42 Sq ft is the area for extra 12Nos of Scooter garages which has not been accounted for proportionate land share calculations. All these need reconciliation.
- d) Further, Undivided portion of land for Community Hall, Market cum School complex has not been considered for parking lot and future expansion.
- vii) Plinth area of Extra Room with Toilet in Type V Blocks has been shown varying from 210 Sq ft to 275 Sq ft without authenticity. Record at JVVHOWA till date which is considered as 300 Sq ft as plinth area.
- viii) In one of the layout plans, against the ground coverage, an extent of Land area of 2494 Sq Ft (277.11 Sq Yds) is shown as area on which Type V block stands where as M/S Chawala Design letter no Nil dated Feb 2005 states that Type V building Block in G+2 stands on 3150 Sq Ft. These need to be reconciled.

*K. K.*

*J*

*a.v. Subrahman*

- ix) To overcome the issue of Land earmark for Type V & Type II & III, it is **Recommended** that a proper survey in the Total location where Type V / II & III are located needs to be carried out to demarcate the area where the building is standing and the area available in between the building blocks and adjacent area to demarcate the land for Type V and II & III.
- x) Issues to be resolved by AFNHB is as follows:
- The factual position be re-examined, taking into consideration factors such as Legal Entitlements of Land Share for each Individual DU Owner under different type of configurations and category types for a Group Housing scheme and also costing criteria actually followed.
  - Costing details in respect of Phase I Project with detailed breakdown for each DU and common assets.
  - Drawing showing of Actual areas handed over to the Municipality. What is the extent of Park & Roads gifted to the Municipality? Any excess area gifted to be withdrawn in favor of JVVHWA.
  - Individual share of land for Flats of Type V & II/III DU Owners which is entitled along with their DU. Also share of Owners with Extra Room and Extra Garrages [4 wheelers & 2 wheelers].
  - The total extent of common land on which common amenities and common facilities such as Community Hall, Shopping Complex, Water Tanks, Sumps, Pump House, sewerage Tank, Transformer and Distribution Boards, Bore Wells etc are created along with their Individual share of Land for future expansion and parking area.
  - Total area of UTILISATION and ASSIGNMENT and GIFT DEED transfer needs clarification.
  - Costing for all the facilities created and DU Owner share of be spelt out along with Individual share in the undivided share of Land / property.

Total Land Area = 10,89,000 Sq ft considered [Total 25 acres 38 guntas]

Understand this was worked as Percentage of Cost of Construction of Bldgs & Cost of Land

xi) There are two solutions for apportioning of land for flats.

**1<sup>st</sup> Solution:**

a) Total area of land available for Flats [Type V & II/III] + Extra Garrages + Extra Rooms + Apportioned Land for Market + Apportioned Land for Community Hall + etc is = 1,46,808.91 Sq Ft. [correcting the error in calculation]

b) It is proposed to allot 91217 Sq ft [0.60%] or 106420 Sq ft [0.70%] for apportioned land for 1,52,028 Sq ft for Flats [Type V & II/III] + Extra Garrages + Extra Rooms and Balance Land is the apportioned land for Commercial School Building + Community Hall parking space + Expansion area which is approximately [55,592 or 40,388.91 Sq ft]

c) This works out  $91217/152028 = 0.60$  or  $106420/152028 = 0.70$  Sq Ft land for every Sq Ft of Flat area.

d) This can also be explained considering an independent DU Duplex as:

For duplex 1755 Sq ft Built up area Land apportioned is 2205 Sq Yds.

Hence for 1570 Sq ft, it will be  $1570 \times 220/1755 = 196.80$  Sq Yds.

As a flat system has minimum ONE + ONE Floor.

Area apportioned will be  $196.80/2 = 98.40$  Sq Yds.

Hence, 60% to 70% of plinth area can be considered reasonable as APPORTION / UNDIVIDED SHARE part OF LAND for Flats. [INDIVISIBLE PROPORTIONATE SHARE OF LAND]. EGM/AGM may decide.

xiii) Now the Land for each flat types considering 60% built up area is as follows:

TYPE	SQ FT	Area in Sq Ft as 0.60 % SHARE in Sq Ft	In Sq Yds	Area in Sq Ft as 0.70 % SHARE	Yds	AHNHB Initial Share in Sq Yds	AFNHB REVISED 0.894% in Sq Ft	AFNHB Revised 0.894% In Yds
V	1570	$0.60 \times 1570 = 942$	104	$0.70 \times 1570 = 1099$	122.11	44.3	1403.58	155.95
III	830	$0.60 \times 830 = 498$	55.33	$0.70 \times 830 = 581$	64.56	38.15	742.02	82.44
II	715	$0.60 \times 715 = 429$	48	$0.70 \times 715 = 500.50$	55.61	23.71	639.21	71.02
ER	275	$0.60 \times 275 = 165$	18	$0.70 \times 275 = 192.5$	21.39	33.33	245.85	27.31
ER	240	$0.60 \times 240 = 144$	16	$0.70 \times 240 = 168$	18.67		214.56	23.84
ER	210	$0.60 \times 210 = 126$	14	$0.70 \times 210 = 147$	16.33		187.74	20.86
ER	208	$0.60 \times 208 = 124.8$	14	$0.70 \times 208 = 145.6$	16.18		185.95	20.66
EG	208	$0.60 \times 208 = 124.8$	14	$0.70 \times 208 = 145.6$	16.18	23.33	do	do
EG	42	$0.60 \times 42 = 25.2$	2.8	$0.70 \times 42 = 29.4$	3.27		no	no

**2<sup>nd</sup> Solution:** The portion of land within and abutting the Flats area be measured and divide the Land proportionate to the Plinth area where in the Undivided share of land will be identified for all flats as a block. This seems a better solution as LAND can be identified for the GROUP of FLATS. To Undertake this Committee strongly recommends/suggests SURVEY of the area. After receipt of Survey report, LEGAL OPINION be sought & Undivided share of land be finalised with Location.

It is observed that consumption has been below 9000KI/Mth from year 2016 to today against 12000KI/Mth allocated to the colony. Colony can draw 10% extra [1200KI/Mth] at the same cost. Hence, there is a surplus water available.

**SUMMARY OF  
RESPONSES OF DWELLING UNIT OWNERS FOR QUESTIONNAIRE  
AND ANSWERS RECEIVED FROM ALL DU OWNERS -  
INDEPENDENT DU'S / MULTI STORED FLAT (DU'S)  
ALTERATIONS AND ADDITIONS COMMITTEE - JVVHOWA, HYDERABAD - REPORT OF COMMITTEE**

1. Firstly, the Committee members would like to thank each and every DU Owner of JVVHOWA for their overwhelming response to the Committee's Questionnaire.
2. Committee would like to state that by mid Feb 2019, we have received 221 responses out of 357 DU's which is above 60% of the total number of DU's. Again, the Committee would like to state that each type of DU's type VI / V / V-H / II / III / III-H have each crossed 50% responses. Except for type V responses received being 52.78%, rest of the other types of DU's responses received has been above 60%.
3. To achieve above 50 % responses for each type of DU was a herculean task. The Committee Members have made an all out effort which includes Visiting the DU Owners staying in the Colony a couple of times, sending mails to all the DU owners a number of times apart from Posting the Questionnaire. There were more than 100 in number of DU Owners, whose E-Mail ID's were not available. The same was informed to the BOM's. To obviate this absence of e-mail ID's, final push was given by sending SMS to the DU Owners whose Cell numbers were available, a number of times & repeatedly. Some of the DU Owners, than have sent their correct E-Mail ID's by SMS to whom Questionnaire was sent. This has paid the way to maximum responses in a shortest possible time. Further, there exists, some DU Owners where in, both mail ID's and contact Numbers are not available and this accounts to more than 50 in Nos including those whose contact Numbers are Wrong. With an all out efforts by all the members of the Committee, more than 60% responses have been received. A great **achievement** to have a **"PARTICIPATORY DECISION MAKING BY RECEIVING RESPONSES FROM A MAJORITY OF DWELLING UNIT OWNERS"**.
4. Receiving Responses / Data itself is not a task. Compilation of the data is a most herculean task. There are more than 100 choices of answers for each DU, each answering differently and this is for total 221 DU's cresponses that have been received. No doubt, it was done quite easily by an excellent excel sheet which was designed by Cdr S Ashok Kumar, Convener, A&A's Committee. The data input was also done by the Convener, which is a time consuming process. The excel sheet can give an overall total Responses of all the DU Owners for each Question and Can also give the responses separately for each Type Of DU's.
5. Firstly, The Committee will like define the terms - "**Alterations and Additions**" to a Dwelling Unit:
  - a) **ALTERATIONS** means carrying out changes by having temporary structures for protecting the DU / DU items like doors and windows from Sun / Rain and also altering a kitchen platform inside to suit modern amenities, changing the doors and windows which are getting rusted / swollen with water seepage / termite infected, changing the floors, etc all of them do not involve structural changes to DU like shifting / removal / Construction of a wall.
  - b) **ADDITIONS** means Structural changes being carried out to alter the size of the rooms / building - internally / externally and add additional structures to increase the plinth area of a DU.
6. 221 responses have been received Out of 357 DU IN JVV which amounts to **61.90%**. Firstly, the **THREE MAJOR** responses are as follows:
  - a) **WHAT IS AN ALTERATIONS AND ADDITIONS TO A DWELLING UNIT:** 173 out of 203 DU Owners that is **85.22%** of responses received from all type of DU Owners have indicated as - "**Any changes done to the DU as handed over by AFNHB - TEMPORARY / PERMANENT in Nature - either INTERNALLY / EXTERNALLY "CONSTITUTES" an "ALTERATIONS AND ADDITIONS TO A DWELLING UNIT"**".
  - b) **NECESSITY FOR ALTERATIONS AND ADDITIONS TO DU:** 178 out of 220 DU Owners that is **84.76%** of responses received from all types of DU have **RECOMMENDED** as - "**there is a NECESSITY to have an ALTERATIONS & ADDITIONS to a Dwelling Unit "as CONSTRUCTED & HANDED OVER by AFNHB"**".
  - c) **NECESSITY for TOTAL DEMOLITION** of a "**DU**" or a **COMBINATION** of **DU'S**" and **IN LIEU CONSTRUCT ANOTHER DU or COMBINATION of DU'S:** 168 OUT OF 208 DU Owners that is **80.77%** of responses received from all types of DU have **"REJECTED"** a necessity of "**Demolition & Reconstruction of ALL/ANY TYPE OF DU's either INDIVIDUALLY or in COMBINATION OF DU'S"**.

7. Salient recommendations by the **Dwelling Unit Owners** for each of the Question will be projected in **TWO** parts. **Firstly**, for Independent DU's - both **Duplex** and **Single Stand Alone Independent Units** Type **VI/V-H/III-H** and **Secondly** for all Multistoried Dwelling Units [Flats] Type **V/III/II** and is as follows:

### **A) INDEPENDENT DWELLING UNITS [TYPES- VI / V-H / III-H]**

- (i) **79.80%** from all type of DU Owners have recommended "A&As to the **GROUND FLOOR PLINTH AREA** of the DU of which **62.50%** have recommended a **MAXIMUM** of **UPTO 50% INCREASE** IN PLINTH AREA and further, **72.78%** responses recommended A&A's could be undertaken ON ALL SIDES - REAR SIDE, FRONT SIDE and SIDE PASSAGE of an Independent DU".
- (ii) **96.51%** of responses received from all type of DU Owners have recommended - "A & A's for Independent DU's to **EXTEND ADDITIONAL ROOMS** on the **FIRST FLOOR** to **meet family commitments**" AND **68.60%** recommend "**BUILDING ELEVATION** to be **MAINTAINED** to give similarity, especially of the **FACIAL APPEARANCE** of **STONE MASONRY**."
- (iii) **63.64%** of all type DU owners have recommended "A&A's in the "**FRONT OPEN AREA**" of Independent DU such that there is "NO ELEVATION CHANGE" and "**LOOKS IDENTICAL** to **PRESENT ELEVATION**" as much as feasible, by utilizing the Front OPEN space available to meet "**PERSONAL REQUIREMENTS**" of the DU Owner from "**VASTU POINT**".
- (iv) **73.50%** from all type of DU Owners Recommended "**Both GROUND & FIRST FLOOR A&As** could be done to an Independent DU's and "**BUILDING ELEVATION** to be **MAINTAINED** to give **SIMILARITY** especially of the **FACIAL APPEARANCE** [Stone Masonry]" at the front end. Further, **82.12%** of responses received from all type of DU Owners have Recommended "**50% & ABOVE** for a "**COMBINED - Ground Floor + First Floor**" **INCREASE** in the **PLINTH AREA**".
- (v) **76.80%** of responses received from all type of DU Owners have recommended to Carryout - **ONLY A&As** to the **GARRAGE** as **INTERNAL** to the **RESIDENCE & ALTERATION** to the **GARRAGE SHUTTER** **WITHOUT ALTERING** the **FRONT ELEVATION** [RAISE LOWER COULD BE MADE AS OPENABLE TYPE SHUTTER] thus retaining "**SHUTTER FACIAL ELEVATION**" to AN INDEPENDENT Duplex DU's.
- (vi) **74.24%** of all type DU owners have recommended "A&A's to the DU to have a **LIFT** in an Independent DU. Further, **66.16%** of all type DU owners have recommended "**LIFT** at a **CONVENIENT LOCATION** of an Independent DU and if necessary, **suitably Relocating** the **STAIRCASE** could be undertaken."
- (vii) **71.07%** of all type DU owners have recommended "A&As to a DU for **increasing No of Floors of an Independent DU**. **60.60%** of all type DU owners have recommended **Increase** in No of Floors in an Independent DU to a "**MAXIMUM of GROUND+ONE Floor**" "**ONLY**". "**Above Ground+One Floor**" has "**NOT BEEN RECOMMENDED**" by majority of DU Owners." This "No of Floors" is **applicable to all Types of INDEPENDENT DU's** namely - **Type VI / V-H / III-H**.
- (viii) **Family Limits in an Independent DU** : **75.88%** of all type DU owners have recommended "FAMILY" in an INDEPENDENT DU [with Independent Entry] is "**NOT LIMITED** to Only **ONE FAMILY**". "**MORE than ONE FAMILY**" is permissible and is "**DEFINED & STRICTLY RESTRICTED**" to **PARENTS/CHILDREN/GRAND CHILDREN/GRAND PARENTS** and **belongs to "SAME FAMILY"** in "**ONE DU & NO Additional TENANT**". "**DOES NOT RECOMMENDED**" different families to live in separate independent floors of the multiple entry Independent DU". [eg: Family as Defined [ADDITIONAL TENANT/Relative not permitted who do not form part of same Family]]
