

Circular 5/20-21
Collective Participation

1. The present BOM is overwhelmed by the congratulatory messages from various members on being elected. We are grateful for the same and strive to rise to your expectations.
2. There are plenty of tasks to be completed before we can claim to be an ideal colony for living in the twin cities of Hyderabad. This cannot be achieved by a handful of members from BOM. A collective effort from all the members is essential to achieve that. Every member of the colony should live with pride that this colony belongs to him/her and move around with an observant eye and stop any thing that is which is against the interest of the colony. Similarly we request for volunteers during their free to take up tasks that can uplift the image our colony in coordination with BoM.
3. In my first Circular, I mentioned about the Data Bank of JVV members. Except for few members, majority did not respond to that. Cmde Nandula is kind enough to volunteer for this task by visiting each and every DU for this purpose. I earnestly appeal to all the members/residents to cooperate with the under mentioned team and provide the necessary information/Data with in 48 hours.
 - a) Cmde Nandula
 - b) Sri Sangeeth Raj Member BOM (Security I/C)
 - c) Mr Rajesh, Manager
 - d) One Security Guard
4. Taking Cmde Nandula's initiative as example, I request others to join as volunteers to monitor various aspects of our colony.

Jal Vayu Vihar Residents - Database
